

# Apprenticeship contract – Financial Engineering

## Supraways :

Supraways develops an aerial, fast and cutting-edge urban transport mode. A light infrastructure guides autonomous and electric cabins for passengers and goods, which circulate above public spaces, with no needs for land expropriation. Our networks of interconnected loops with off-line stations allow people to fly non-stop to the end destination, 3 times faster than with any other existing urban transportation mode.

## Informations :

- Apprenticeship contract only
- Beginning of the contract: as soon as possible
- Legal remuneration
